UNIQUE
LIGHTING SYSTEMS®

YOUR PARTNER BEHIND PROFITABLE OUTDOOR LIGHTING

TRAINING | DESIGN SUPPORT | FIELD EXPERTISE | PREMIUM PRODUCTS

For more than 30 years, Unique Lighting Systems has helped professionals build successful outdoor lighting businesses. Now we're bringing that same expertise, support, and innovation to the **CEDIA** channel.

Outdoor Lighting Is More Than a Product Category. It's A Business Opportunity

Today's homeowners expect outdoor spaces to be every bit as connected, personalized, and thoughtfully designed as the spaces inside their homes. Yet many integrators hesitate to pursue outdoor lighting because of concerns around design expertise, installation complexity, ongoing service requirements, and product support.

That's where Unique Lighting Systems® comes in.

For more than 30 years, we've helped professionals successfully design, install, and grow outdoor lighting businesses. Through training, design assistance, specification support, project financing, and field expertise, we help integrators confidently add outdoor lighting without having to become lighting experts overnight.

Why Partner With Unique Lighting Systems?

- Add a profitable new revenue stream
- Deliver more complete indoor-outdoor experiences
- Reduce project risk
- Accelerate your learning curve
- Access experienced field and design support

Join the Unique Lighting Systems Partner Program and start growing your outdoor lighting business today.

Odyssey® Series

Premium Architectural Lighting For Luxury Outdoor Spaces

Featuring an extensive portfolio of solid brass fixtures, architectural finish options, and premium LED technologies, Odyssey helps integrators create sophisticated outdoor environments that complement luxury residences, outdoor living spaces, and estate properties.

Why It Matters

- Creates a premium design story homeowners can see and appreciate
- Broad fixture selection helps maintain visual consistency across the property
- Lifetime warranty helps reduce long-term ownership concerns
- Architectural finishes complement luxury home aesthetics
- Premium materials support high-end project positioning and pricing

Deliver outdoor environments that elevate the homeowner experience while helping justify premium project value.

Inspira® Series

The Smart Outdoor Lighting Platform

Designed specifically for today's connected home, Inspira helps integrators extend automation, personalization, and control beyond the walls of the home.

With tunable white, RGB color control, wireless fixture management, and smart system integration, Inspira transforms outdoor lighting into a dynamic extension of the homeowner's lifestyle.

Why It Matters

- Creates more personalized outdoor experiences
- Simplifies adjustments after installation
- Expands opportunities for automation and scene creation
- Supports indoor-outdoor lifestyle integration
- Delivers the modern control experience luxury homeowners expect
- Expands opportunities for automation and scene creation
- Supports indoor-outdoor lifestyle integration

Give clients greater control, personalization, and enjoyment of their outdoor spaces.

Flex Gold® Technology

Reliability You Can Build A Business On

Unique Lighting Systems LED lamp technologies are engineered to deliver consistent performance, long life, field serviceability, and exceptional light quality.

Why It Matters

- Simplifies maintenance
- Supports long-term customer satisfaction
- Provides consistent light quality across projects
- Protects reputation and service profitability

Give clients greater control, personalization, and enjoyment of their outdoor spaces.

Transformers & Accessories

A successful outdoor lighting project is about more than fixtures.

Unique Lighting Systems offers a complete line of transformers, controls, mounting solutions, accessories, and system components designed to simplify installation and create a reliable foundation for every project.

Why It Matters

- Creates a premium design story homeowners can see and appreciate
- Broad fixture selection helps maintain visual consistency across the property
- Lifetime warranty helps reduce long-term ownership concerns
- Architectural finishes complement luxury home aesthetics
- Premium materials support high-end project positioning and pricing

Deliver outdoor environments that elevate the homeowner experience while helping justify premium project value.

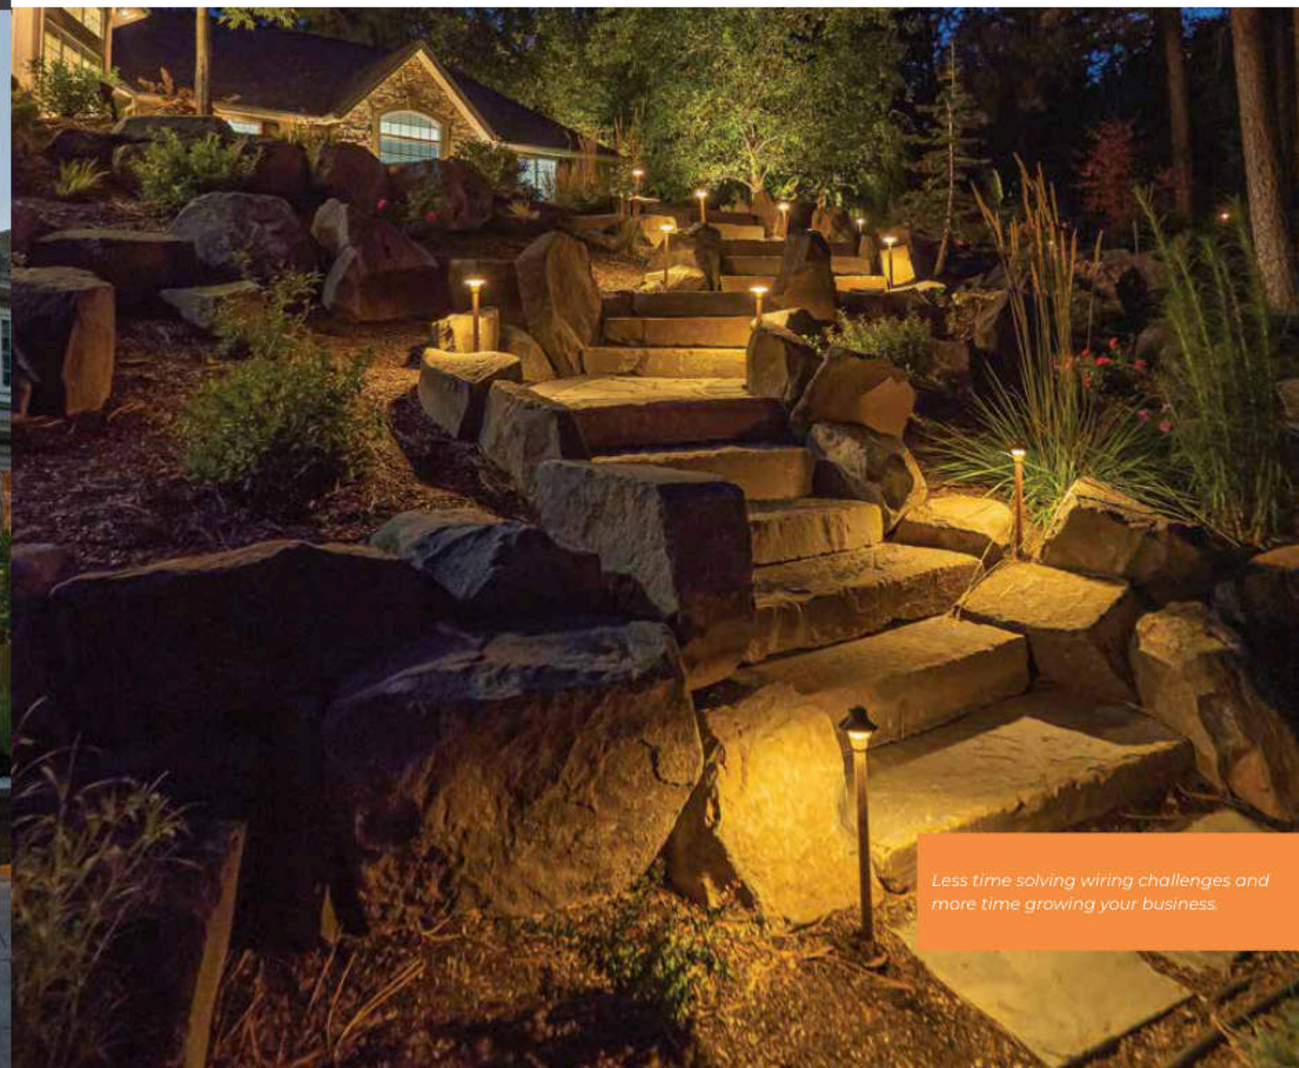

HUB Technology

Faster Installs. Fewer Callbacks. Better Margins.

The patented HUB system was designed to solve one of the most common challenges in outdoor lighting installations. By reducing field splices and simplifying system architecture, HUB helps dealers install more efficiently and service systems with greater confidence.

Why It Matters

- Reduce installation complexity
- Improve serviceability
- Minimize troubleshooting time
- Support future expansion
- Protect labor margins

Less time solving wiring challenges and more time growing your business.

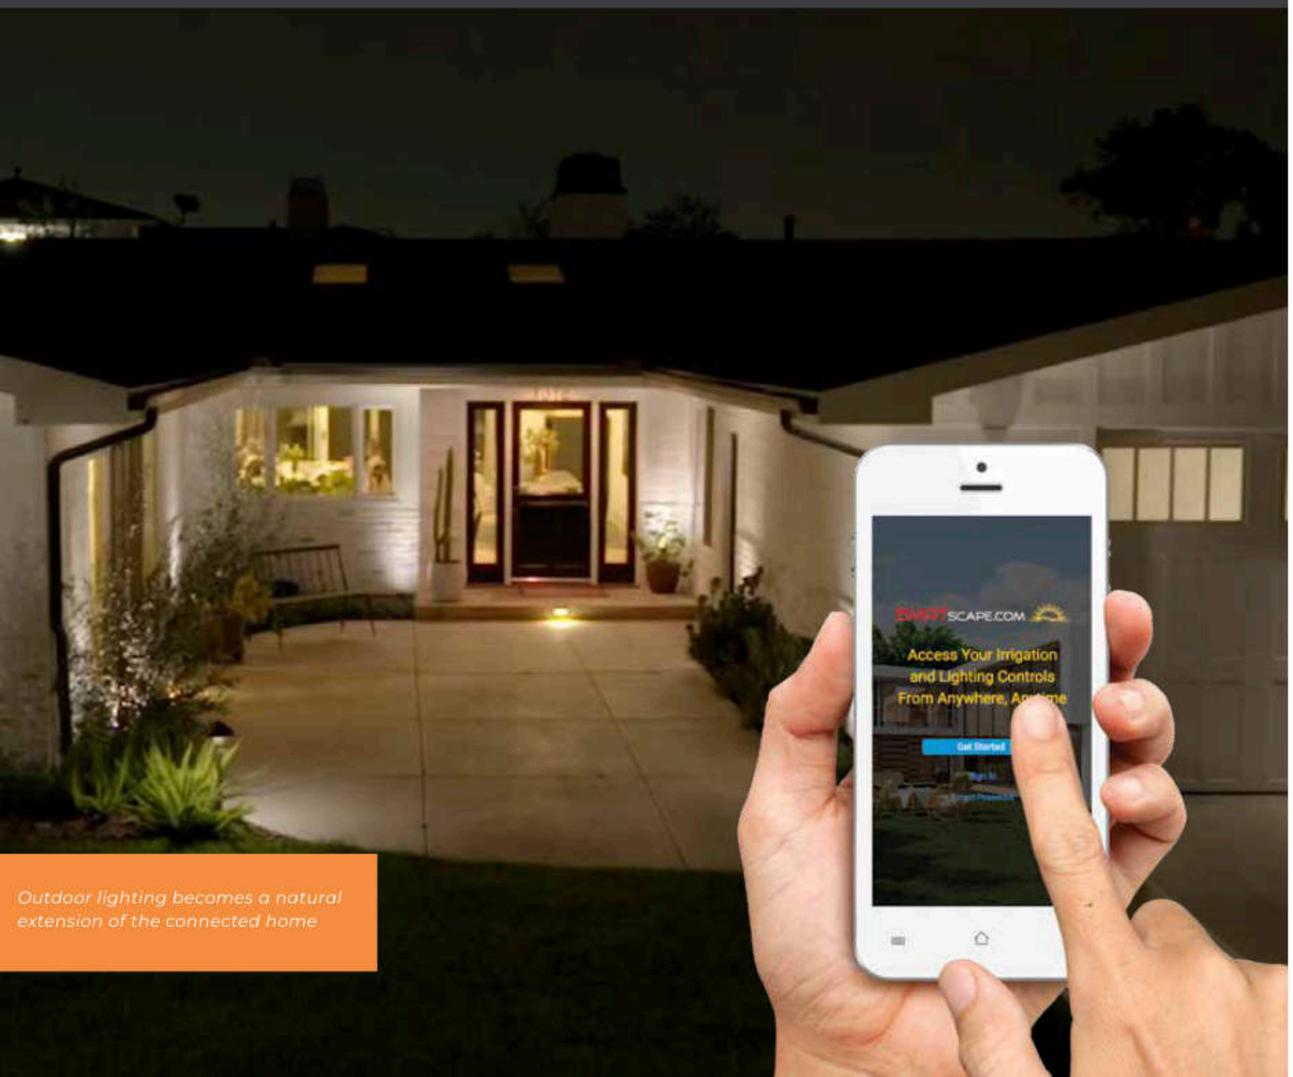

SMRTLogic® Controls

Bridge outdoor lighting into the connected home with wireless cloud-based control

Automation capabilities, app-based management, and integration opportunities that align with modern smart home expectations.

Why It Matters

- Extend automation outdoors
- Streamline homeowner control
- Support connected-home experiences
- Create opportunities for future expansion

Outdoor lighting becomes a natural extension of the connected home

More Than Products.
A Complete Outdoor Lighting Ecosystem

Unique Lighting Systems provides far more than fixtures. Our partner ecosystem is designed to help integrators win projects, simplify project delivery, and deliver exceptional results from the first consultation through long-term service and expansion.

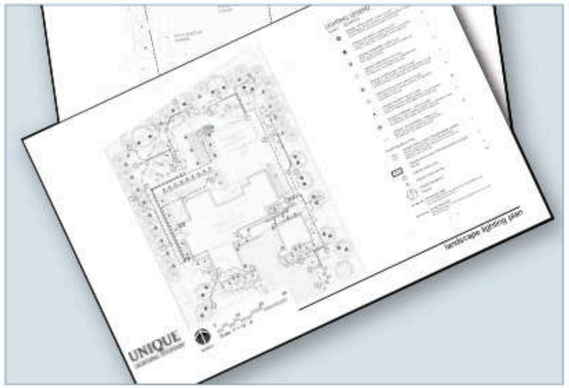

Training

Training designed to help dealers confidently enter and expand within the outdoor lighting category, lighting without having to become lighting experts overnight.

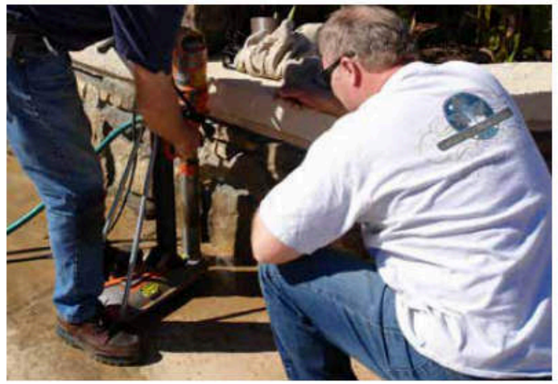

Design & Specification Services

Access CAD layouts, photometric planning, fixture selection guidance, and proposal support that helps you move quickly from concept to installation.

Field Support

Our team works alongside dealers during first installations, demonstrations, showroom development, and customer presentations.

Financing Programs

Provide homeowners with flexible financing options while helping close larger projects and reduce barriers to purchase.
